

AKASH KUMAR VAJPAYEE

Full Stack Developer | Java • Spring Boot • React.js | AI Integration

+91 7985981354 | New Delhi | akashbajpai167@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Full Stack Developer with internship experience at **GvCloud Secure Pvt. Ltd.**, where I built **production-grade modules** using **Java, Spring Boot, React.js, and MongoDB** — including **JWT authentication, REST APIs, and real-time Socket.IO** integrations. Beyond full stack, I architect **multi-agent AI systems** using **LangChain** and **Google Gemini** for domain-specific reasoning — a combination that bridges **software engineering** and **applied AI**. Actively looking for a **Software Engineer** role at a growth-stage startup or product company — where ownership is real, and impact is measurable.

WORK EXPERIENCE

GvCloud Secure Pvt. Ltd.

April 2025 – October 2025

Java Full Stack Developer | Intern | On-Site

- Deployed **5+ full-stack modules** using Spring Boot and React, supporting secure authentication and scalable REST APIs for **15+ internal team members**.
- Engineered **10+ RESTful APIs** to streamline data exchange, reducing manual processing time by **~40%**.
- Strengthened security by implementing **JWT-based authentication** across **100% of protected application routes**.
- Optimized database interactions using **Hibernate ORM** for efficient CRUD operations across **3+ database schemas**.
- Created **8+ reusable UI components** with React.js and Tailwind CSS, increasing development speed by **~30%**.
- Facilitated project delivery within **Agile/Scrum cycles** during a **6-month internship**.

PROJECTS

AI Agents for Medical Diagnostic

October 2025 – December 2025

Python | LangChain | Google Gemini API | Multi-Agent Systems | [GitHub Repo](#) | [Live Demo](#)

- Automated medical report evaluation using **LangChain and Google Gemini**, reducing diagnostic analysis time by **~65%**.
- Architected a **multi-agent workflow** with specialized agents (Cardiology, Pulmonology, Psychology) for collaborative diagnostic insights.
- Leveraged **role-based prompt engineering** to ensure precise domain-specific reasoning across parallel AI agents.
- Developed a **production-ready architecture** with secure API management, rate-limit error handling, and scalable code organization.
- Orchestrated **enterprise-grade multi-agent AI workflows** applicable to complex real-world integrated systems.

HireHub — Full Stack Job Portal

April 2026 – May 2026

React.js | Node.js | Express | MongoDB | Redux | Tailwind CSS | [GitHub Repo](#) | [Live Demo](#)

- Built a complete job portal with role-based access control (Admin/Applicant) using JWT authentication and bcrypt encryption.

- Developed an Admin Dashboard enabling job posting, user management, and application tracking with real-time data.
- Integrated Cloudinary for secure resume and profile image upload with optimized cloud storage management.
- Diagnosed and resolved a critical frontend filtering bug, improving category-based job search accuracy across all listings.
- Deployed production-ready application with React frontend on Vercel and Node.js backend on Render with MongoDB Atlas cloud database.

TECHNICAL SKILLS

- **Frontend:** HTML5, CSS3, JavaScript (ES6+), TypeScript, React.js, Redux Toolkit, Tailwind CSS.
- **Backend:** Java, Python, Spring Boot, Node.js, Express.js, RESTful APIs, JWT Authentication, Hibernate ORM, Socket.IO.
- **Databases:** MongoDB, MySQL, PostgreSQL.
- **Tools & Platforms:** Git, GitHub, Docker, AWS (EC2, S3), Vercel, Render.
- **Core CS Concepts:** Data Structures & Algorithms, Object-Oriented Programming (OOP), MVC Architecture, System Design.
- **AI & Integrations:** LangChain, Google Gemini API, LLM Integration, Prompt Engineering, Asynchronous AI Workflows.

CERTIFICATIONS

- **Introduction to Generative AI** | Google Cloud
- **Full Stack Development (Offline)** | Uncodemy, Noida
- **Full Stack Development (Online)** | PW Skills
- **UI/UX Design for Developers** | Udemy
- **Backend Development** | PW Skills

EDUCATION

BCA – Bachelor of Computer Applications

May 2024 – Present

CSJM University, Kanpur
(5th Semester Ongoing)

B.Sc. – Bachelor of Science in Mathematics

July 2021 – June 2024

University of Lucknow
